EASTERN NEWS.

CHICAGO, May 16.—In the trial of Daniel Munn, for whisky frauds to-day, Ex-Superintendant of Police Rehm, one of the conspirators who has turned State's evidence, said that he had acted as disbursing agent for the whisky ring since 1872. He protests that he never kept any of the bribe money he received, but paid it out to Congressman C. B. Farwell's friends and others for electioneering purposes, but says that Farwell did not know where the money came from. He testified that he paid Collector Irlin, since dead, \$35,000, collector Wa dsworth \$6,200, Special Agent Bridges \$4,200, Ex-Congressman J. D. Ward \$25,000, and Ex-Supervisor Munn a considerable sum. He paid \$6.500 to help secure Farwell's election, and claims to have received in all about \$52,000. His testimony is very damaging it is be-lieved to the defendant Munn, and also to Ward and Wodsworth, who were supposed to be comparatively

California Revenue Frauds. WASHINGTON, 16th.-The final report of Supervisor Hawley, relative to the operation of the Internal Revenue force, in California, has been received by Commissioner Pratt. The report is accompanied by the resignation of Mr. Hawley, who is now on the way to his home in the East. No appoint-ment has been made to fill the vacancy unless Congress waits to abolish the office of Supervisor. Mr. Hawley's report is full of important information and shows the government has in the last 5 years been defrauded of nearly \$2,000,000 by illicit distillers in California. When the investigations first started in San Francisco a strong pressure was brought to bear on the President and Bristow, by the most prominent politicians to have them stopped, but without success.

Consumption Cured.

An old physician, retired from active practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send (free of charge) to all who desire it, this recipe, with full directions for preparing and successfully using. THE San Diego World requests the HERALD not to fire in the dark at the Democratic troubles of that county. We are not firing in the dark. We understand the question as well as the World. We believe the convention called by a majority of the County Committee was legitimate. We are in favor of the re-election of WIGGIN-TON. So are the delegates nominated by that convention. The World's candidates are opposed to Wiggin-TON. That is all there is about it.

A DISPATCH to the HERALD from San Francisco under date of April 29th stated that the body of R. Augus-TUS REDMAN, "an attorney of Oakland and well known Democratic politician," had been found in the water in East Oakland. It went on to say that it was supposed the deceased had met his death by falling into the bay while in a state of intoxication. Now subsequent events prove that the dispatch was false in toto. Mr. RED-MAN's body was not found in the bay; he is not dead; he does not drink, and he is alive and well and the same good fellow that he always was.

This is the Republican situation. The current of popular sentiment in the Demperatic party is plainly tending daily more strongly towards TILDEN. There is somewhat of a feeling manifested in favor of Mr. THURMAN of Ohio, but we think that will merge into a compromise between the East and the West; the latter taking the Vice-Presidency. An Insidious Enemy.

If the HERALD had indulged in one tenth of the unfriendly criticisms on the Santa Monica railroad and filled one tenth of the space with exultations our blackmailing and malicious suits brought against that corporation that have appeared in the columns of the Express within the past few weeks relative to the Southern Pacific Railroad, that paper would have denounced us as an enemy to the best interests of the Southern California and the wearer of "STANFORD'S collar." It is however gratifying to know that the people of Los Angeles who have seen this community spring from an apathy that it seemed impossible to shake off, into active life; who have found themselves lifted from comparative poverty to a degree of wealth they hardly hoped to attain; who see dial recognition and support from the their town rapidly attaining the dimensions of a city second only to San Francisco in commercial importance, through the direct influence of the Southern Pacific Railroad; do not share the feelings manifested by our preparations for the celebration of the evening cotemporary nor endorse its Centennial Fourth of July. The crowning glory of a man is a good hat. It is the distinctive mark of a gentleman. Des-mond has the most stylish and periect arti-cles at his store on Main street, in Temple Block, that can be made.

SUICIDE.

William Workman, of the Firm of Temple & Workings, Shoots Himself Through the Head.

Mr. Jackson, an employee on the ranch of Wm. Workman, came in from the Puente last night, arriving at 11 o'clock, and bringing the intelligence of the suicide of Wm Workman, late of the firm of Temple & Workman. In the haste of his departure for the city Mr. Jackson brought only the most meagre details of the unfortunate affair. It seems, however, that the deed was committed about 9 o'clock in the evening, the old man placing a pistol to his head and shooting him self dead on the spot. The cause will of course be assigned to the recent business complications of the Bank in which Mr. Workman was a large owner. Latterly, as the affirs of the bankrupt concern were narrowed down to foreclosure and sale, the unfortunate old man doubtless despaired of saving anything from the wreck, and the crisis was precipitated. Although the deceased paid but little or no individual attention to financial matters, and was seldom seen in the city, we believe he bears the reputation of an honest and upright man. While his untimely death by his own hand cannot affect seriously the closing up of the complicated bank affairs, it will yet be seriously regretted by all classes of our citizens.

A Suicide.

About 2 o'clock on Tuesday afternoon a man named William Gelukmeyer, a native of Hanover, aged about 39 years, committed suicide at Moore's lodging house, First street, by taking a large dose of strychnine. Between two and three months ago Gelukmeyer lost his right arm, in consequence of the wheel of a railroad car passing over it. He had been in the members and then adjourned to the County Hospital until a short time ago. When he left that institution sign of exhibiting the old woman at he went to the railroad officials to see if they would do anything for him, byt they declined to aid him. This apparently operated on his mind, and he has since been regarded as half dement d. He has also been drinking freely recently. The Coroner took charge of the remains on Tuesday and held an inquest in the evening, when the above facts were developed. It do the bargains in clothing, boots and also appeared that Gelukmeyer had, with the assistance of some friends, started a little fruit and nut stand near the Mayor's office, on Spring street, rear of the Catholic church. In the third act of Faust, which is Gounod's masterpiece, all of the artists appeared to the best advantage; the plot is emotional in one sense, and Verdi seems to have most fully appreciated the sentiment of the original of Goethe upon which the opera is founded. The Jewel scene was rendered very effectively, and throughout, both Madame Fabbri and Mr. Pifuger showed their excellencies as actors. Santa Monica Water.

EDITOR HERALD.-Seeing many flattering comments in your paper about this "City by the Sea," I thought it would be an act of justice to the public in general, and some poor flea-bitten, water-poisoned, pover'y-struck chaps who have invested their coin in this bubble by the sea to District Court-Sepulveda, J. vary the monotony of this eternal round of laudation and bloviation about this same "Santa Monica." How well and how nicely sounds the advertisement of our Land Company with its "City Water Works." Of just how and what elements of the ordinary fluid in its elemental purity it contains I cannot now determine. But I know it's all very nice-that is for the doctors. Sea breezes and kindly overarching skies cannot alleviate or destroy its poisonous and pestilential properties. Not even the com-bined effect of the forty odd whisky mills with their varying grades of "old valley tan" can lay claim to such splendid results for sickness and its charged. attendant ills as the fluid dispensed by the Santa Monica Water Company. This is a nice quiet place. Most folks expect to die before they reach that haven of rest, but here you find the quiet of a "New Jerusalem" already brooding o'er this far-famed Distance lends en chantment to most of our views in this life. Will some speculator convince the people of Santa Monica that it's an exception to that rule. Gas is cheap here, but the hard logic of living on air and corner lots, with nothing to do for more than half the people, is invincible. Will some one rise to explain.

Very truly yours, F. H. McGowan. Santa Monica, May 15th, 1874.

other.

A trial will convince the most skeptical of its superiority over all others, being adjustable in all its parts, every movement being positive, with a perfect tension and adjustable feed. It is simple, strong, durable and cheap, light and rapid running, doing all the different varieties of sewing from the finest fabric to the heaviest cloth or leather.

The latest improved Wilson will not run backwards, thereby avoiding the breakage of needles and thread and necessitating the removal of the goods from the machine while winding the bobbins as is the case with all other machines. Highest PREMIUM AT THE WORLD'S FAIR, Vienna 1873. A very important improvement has lately been added to the Wilson. Call and see it before purchasing elsewhere. To try one is to buy one.
